Thanks for your work on these. I added a streamlining section and moved the relevant bullets there, and combined the two papers into one document.

1. Would you look this over one last time to ensure you're OK with the changes?
2. Colleen, would you add some specifics on permitting time frames? It might be a range, or times for permits of different qualities, etc. We should expect Doug to want to delve into time frames and it would be good to give him a sense of them to aid in the discussion.

If you'd reply by Friday that would be great - I'd like to get this wrapped up Monday. Thanks.
